Thank you for providing your Weekly Programmatic Reporting Survey for the COVID-19 Testing Program. Required questions are marked with a red asterisk. Please note that only one submission per LEA/CMO will be allowed; **if you are submitting as a CMO, the included LEAs should not submit additional individual responses.** You will be able to use the "back arrow" buttons to review answers before submitting.

You may preview the survey questions before beginning by [clicking here](#).

Note: please refer to the [Weekly Programmatic Reporting Survey FAQ Version 09.22.2021.pdf](#) for any questions you have and/or for additional guidance and support in completing this.

### Consent. Please select the box below to certify

- I confirm that I am submitting the weekly report for the period of **2022/01/08 - 2022/01/14** and that all data I provide is accurate to the best of my knowledge.

### Q6. Please select the option that best describes your LEA's opening status over the reporting period.\*

- Open for in-person instruction

### Q7. Please provide your best estimate of the total number of staff and students that came to school sites over the course of the reporting period week.\*

**The intent of this question to gather the total number of individuals on you school campuses during the reporting period - this includes students who were on campus to receive in-person instruction as well as any staff who are working on-campus or consistently in contact with students.**

**- It is not the total enrollment**

**- It should not include independent study students**

**- It should not include quarantined students and staff**

**- It may include district staff, but only if they are part of the asymptomatic testing program**

	# of Students	# of Staff
<b># Individuals on-site</b>	390	70

### Q8. Description of weekly activities - select ALL activities the LEA engaged in during the weekly reporting period.\*

- COVID-19 Testing
- Planning
- Outreach
- Hiring
- Training Staff

**Q9. Provide the number of testing locations that were active during the reporting period (answer must be in the form of an integer without letters or special characters).\***

1

**Q10. Indicate the number of unique individuals tested during the reporting period (NOTE: this question is asking for an unduplicated count of individuals, not the number of tests conducted).\***

	# Students Tested	# Staff Tested
<b># Individuals Tested</b>	425	80

**Q11. Please select all types of tests your LEA administered during the reporting period.**

**NOTE: For the purpose of this question, ONLY select "Antigen" if your school-based testing programs administered antigen tests to staff or students. DO NOT select "Antigen" if you ONLY provided at-home/over-the-counter tests for individuals to self-administer.\***

- PCR (Detects genetic sequence of SARS-CoV-2 virus)
- Antigen (Detects presence of viral proteins; also known as a Rapid Antigen Test)

**Q12. Provide the number of total tests conducted, the number of tests with a valid result (# of valid tests must be equal or less than # of total tests), and the number of positive test results during the reporting period.\***

**NOTE: please only include testing data for students and staff and DO NOT include results obtained from at-home tests reported to you by students/families/staff; these results will be reported later in this survey.**

	# TOTAL Tests	# Tests with VALID RESULTS	# POSITIVE Tests
<i>PCR (Detects genetic sequence of SARS-CoV-2 virus)</i>	461	450	17
<i>Antigen (Detects presence of viral proteins; also known as a Rapid Antigen Test)</i>	308	307	8

**Q22.**

**Required Reporting for At-Home Tests**

The following questions apply to LEAs that are using ELC funds to purchase at-home/over-the-counter rapid antigen tests. Reporting the distribution and positive results of at-home tests is **REQUIRED** for these purchases to be considered allowable expenses. Please note this section is **ONLY** asking for information about the use of at-home, or over-the-counter, rapid antigen tests.

Please **DO NOT** use this section to report testing your school staff may be providing at school-sites through CLIA waiver testing programs or through contracted testing labs (e.g. Heluna Rapid Antigen testing program, Valencia Branch Labs, Fulgent, etc.).

**Did you use ELC funds to purchase and distribute at-home/over-the-counter rapid antigen tests during the reporting week?**

- No

**Q13. Please share any comments regarding your LEA's responses for the weekly reporting period, e.g. provide an explanation if no staff or students were tested this week (please limit response to 250 characters and do not include empty spaces or blank lines before typing your answer).**

N/A

**Q16. If someone other than programmatic contact prepared this reporting survey, please provide the preparer's name.**

Angela Baas-Rodriguez

**Q17. If someone other than programmatic contact prepared this reporting survey, please provide the preparer's email address.**

msangela@oceanics.org

ATTENTION: You have not yet submitted your Weekly Programmatic Activity Survey. To submit your reporting, **please click the "SUBMIT" button below**. You may use the back arrow to review your responses; please ensure your data is accurate before submitting.
