Technology Support Proposal

Service Proposal 2025-2026 School Year Prepared By:

Digital Archiving Systems, LLC – Arc Designs

534 W Manchester Blvd.
Inglewood, CA 90301

I. Mission Statement

The primary goal of Digital Archiving Systems, LLC is to provide comprehensive, cost-effective technical solutions that are tailored to each of our clients. Digital Archiving Systems, LLC achieves this goal by thoroughly analyzing the needs of the organization and recommending implementation of time-tested and proven technology that directly meets the needs of the organization. Furthermore, Digital Archiving Systems, LLC meets the Information Technology (IT) needs from a realistic, value-minded and understanding approach to provide the right-sized solutions that remain within the organization's budget.

II. Background

For over 32 years Digital Archiving Systems, LLC has provided organizations and educational institutions with a realistic alternative to an in-house Information Technology department. Our company has been used to augment current capabilities within organization, or as in the case of LAUSD, we have been used to complement the services provided by the district.

We have provided services to many of California's premier companies such as Amgen, Anheuser-Busch (Los Angeles), University of California Los Angeles (UCLA), The Walt Disney Company, Cedars-Sinai Medical Center, Los Angeles Unified School District (LAUSD) and others.

Digital Archiving Systems, LLC has created a branch that specializes in implementing and maintaining network services for our clients. This branch, called ARC Designs, initially started by providing comprehensive technology plans and technology support services for LAUSD elementary schools in the Westwood area. Having realized that the need for such services was broader than anticipated, Arc Designs has gone to great lengths to become an approved vendor for LAUSD. Now our services are available for all schools, as well as schools within LAUSD.

III. Services:

The **Ocean Charter School** Technology Plan and the Technology Committee will have final authority as to the distribution of technology and services provided by Digital Archiving Systems, LLC dba: Arc Designs.
