

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

TITLE: Discipline Foundation Policy: Multi-Tiered Systems of Support for Behavior and Social-Emotional Well-Being using Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP)

NUMBER: BUL-133307

ISSUER: Pia V. Escudero, L.C.S.W.
Executive Director
Student Health and Human Services

Anthony Aguilar
Chief of Special Education,
Equity and Access

DATE: November 21, 2022

POLICY: Los Angeles Unified is committed to providing every student, preschool through adult, and all members of our District and school communities with a safe, healthy, welcoming, affirming, inclusive, respectful, and restorative learning and working environment. Every member of our school district community has the right to a safe and inclusive learning environment through the adoption and implementation of a consistent trauma/resilience-informed Multi-Tiered Systems of Support (MTSS) framework. Los Angeles Unified is committed to providing an appropriate, meaningful educational program that builds upon the strengths of and meets the needs of ALL students, including but not limited to English Learners, standard English Learners, students with disabilities (SWD), students in foster care and/or experiencing homelessness, students who are socio-economically disadvantaged, and students participating in gifted and talented education (GATE).

All students must be taught and supported in learning the skills necessary to enhance a positive school climate, engage in learning, and demonstrate responsibility for themselves and respect for others. This is accomplished through the implementation of a multi-tiered system of Positive Behavior Interventions and Supports and Restorative Practices (PBIS/RP), which prioritizes wellness and nurtures the social-emotional development of the whole child, whole classroom, whole school, and whole community.

Positive Behavior Interventions and Supports (PBIS) is a nationally recognized, evidence-based framework that provides an integrated

Affiliated Charter
Schools
Independent Charter
Schools

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

continuum of practices to enhance positive school culture and climate, and academic and social outcomes for all students.

Restorative Practices (RP) are processes that proactively build healthy relationships and a sense of community and belonging in order to prevent and effectively address conflict and wrongdoing when it occurs. All schools must have a PBIS/RP team to create, implement, and maintain their school discipline plan using the PBIS/RP continuum of supports and strategies. The team should include an administrator, a teacher, a family/community member, and individuals able to provide (a) applied behavioral expertise, (b) coaching expertise, (c) knowledge of student academic and behavior patterns, (d) knowledge about the operations of the school across grade levels and programs, and for high schools, (e) student representation.

Formal discipline actions (e.g., suspension and expulsion) apply to Education Code violations, consistent with applicable District policies and procedures. Please see the Matrix for Student Suspension and Expulsion Recommendations, Attachment B of BUL-5655, Guidelines for Student Suspensions, for the list of Education Code violations.

MAJOR CHANGES:

In alignment with the Los Angeles Unified Teaching and Learning Framework and School Leadership Framework, this bulletin replaces *BUL 6231 – Discipline Foundation Policy: School-Wide Positive Behavior Intervention and Support* and integrates *BUL 6269 – Multi-Tiered System (MTSS) of Behavior Support for Students with Disabilities* to create one clear and consistent message that supports the development and implementation of each school’s discipline plan using an MTSS framework. This policy aligns efforts and integrates initiatives to provide clarity on supports and interventions for ALL students.

School-Wide Positive Behavior Interventions and Support (SWPBIS) is updated and replaced with Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) to reflect current evidence-based practices. The PBIS/RP team will replace the SWPBIS team. The use of the Tiered Fidelity Inventory (TFI) will replace the Rubric of Implementation (ROI) in assessing the implementation of the school’s discipline plan.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

GUIDELINES: I. BACKGROUND

In 2007, the District adopted the Discipline Foundation Policy resulting from a Board Resolution. This policy served as the framework under which all District practices relating to discipline and school safety were applied. On May 14, 2013, the Board of Education approved a Board Resolution to create a new School Discipline Policy and School Climate Bill of Rights (Attachment A). This resolution calls for the utilization of current policies related to discipline, utilize alternatives to school suspension to correct student misconduct, and by 2020, develop and implement Restorative Justice practices as an alternative to traditional school discipline. This bulletin, in accordance with related bulletins, reference guides, Board Resolutions, and other relevant District materials, reflects the requirements of the adopted Board Resolution.

II. IMPLEMENTING A MULTI-TIERED SYSTEMS OF SUPPORT (MTSS) THROUGH THE USE OF POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS/RESTORATIVE PRACTICES (PBIS/RP)

Implementation of the MTSS framework through the use of PBIS/RP ensures equitable access and opportunity for all students through a proactive, evidence-based three-tiered approach to address student behavior and misconduct, which fosters resilience through authentic positive relationships. With an emphasis on prevention, PBIS/RP strategies promote reflective thinking and collaborative problem-solving to build community and repair harm when needed (Attachment B).

Tier 1 Universal Prevention Supports and Strategies

Tier 1 systems and practices impact everyone across all settings. Tier 1 focuses on protective and resilience factors by developing and implementing an integrated system of supports to build community, and promote positive academic, behavioral, and social-emotional outcomes.

Effective first instruction provides ongoing differentiated support that intentionally integrate academic, behavioral, social-emotional, and culturally responsive practices. Common values and group norms are co-created and established to promote a sense of community, stability, mutual trust, and resilience.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Tier 1 Universal Prevention Supports and Strategies include but are not limited to:

- Positive behavioral expectations explicitly defined, taught, reinforced, monitored, and corrected
- Community building circles
- Restorative language (i.e., affective statements and restorative questions)
- Check-ins
- 4:1 (4 positive interactions to 1 corrective interaction)
- Social-emotional learning incorporated into lessons
- Fostering and promoting healthy affirming relationships

Students must be supported in learning the skills necessary to create a positive school climate and engage in positive behavior. In the event of misconduct, consequences must be culturally responsive and equitable with an emphasis on teaching pro-social behaviors. A plan for the use of alternatives to suspension with a focus on prevention is developed and agreed upon by stakeholders (Attachment C). School staff will use restorative questions to address incidents and develop solutions in a restorative manner.

Systems shall be developed to routinely collect and analyze schoolwide and classroom data to make informed decisions. Consistent implementation of behavior instruction and intervention along with ongoing progress monitoring is required to determine the effectiveness of Tier 1 practices. Tier 1 progress monitoring occurs monthly. To address inequity within the system, data are analyzed to identify disproportionality within subgroups: racial/ethnic, gender, and special populations (e.g., students with disabilities, students in foster care, students experiencing homelessness).

Tier 2 Selected Supports and Strategies

With Tier 1 supports implemented with fidelity across all settings with all students, typically 10 – 15% of students will also need Tier 2 supports. If more than 15% of students are requiring Tier 2 supports, the school staff must determine whether Tier 1 is being implemented with fidelity.

Analysis of multiple sources of qualitative and quantitative data (e.g., academic progress, attendance, office discipline referrals) is used to support decision making and help identify which students may need

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

additional support. Tier 2 instruction and interventions should be matched to student needs (e.g., cultural, developmental level).

Tier 2 Selected Supports and Strategies include but are not limited to:

- Restorative conferences
- Repairing the harm circles
- Targeted small group or individual interventions and supports
- Targeted social-emotional learning
- Self-monitoring daily progress report

Tier 3 Intensive Supports and Strategies

With Tier 1 and 2 supports implemented with fidelity across all settings, typically 1 – 5% of students will also need Tier 3 supports. If a disproportionate number of students (or a subgroup of students) are requiring Tier 3 supports, then the school staff must determine whether Tier 1 and Tier 2 are being implemented with fidelity.

Tier 3 interventions are highly individualized, selected, and implemented based on data and students' needs in improving behavioral and academic outcomes. At Tier 3, students continue to receive Tier 1 and Tier 2 interventions and supports. Tier 3 is the most intensive level of instruction and individualized intervention.

Tier 3 Intensive Supports and Strategies include but are not limited to:

- Individual supports
- Re-entry circles
- Interventions based on the function(s) (reason) of the behavior
- Interim Behavior Response Plan (IBRP)
- Multi-disciplinary team support
- Intensive social-emotional learning

When a student specific Tier 3 plan is developed, a team (e.g., PBIS/RP team, SSPT) will meet at least monthly to review implementation, monitor and review data, and adapt the plan. This plan shall detail the interventions and data collection strategies to be implemented. Monitoring should occur frequently (e.g., hourly, daily) based on individual student needs. Ongoing progress monitoring must be done to assess student response and progress in meeting benchmark expectations.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

If formal disciplinary action has been taken (e.g., suspension, expulsion), a restorative re-entry process may be used to welcome the students back in a way that provides unique and intensive support.

III. RESPONSIBILITIES

All District staff, students, and parents/guardians/caregivers should model and support the implementation of PBIS/RP to maintain safe, healthy, welcoming, and affirming learning environments.

Systems of Support Advisers are available districtwide to provide professional development, tools, resources, and supports around the implementation of PBIS/RP.

A. Central Office Staff Responsibilities

All Central Office staff support Local Districts (LD) and Community of Schools (CoS) with the implementation of this policy, including analyzing and leveraging data (e.g., Tiered Fidelity Inventory [TFI], suspensions, office discipline referrals) to enhance systems that create a positive school culture that is conducive to student learning. Data-based dialogues should routinely be conducted to monitor progress and identify strengths and areas needing support. Designated central office staff will ensure the successful implementation of this policy with support, guidance, and technical assistance to Local Districts and schools for successful implementation through:

- Curation of professional development modules, tools, and resources to implement Positive Behavior Interventions and Supports/Restorative Practices
- Coordination and provision of technical assistance, including the proactive alignment of instructional supports with behavioral supports
- Coordination and alignment with all District offices, programs, policies, and initiatives
- Use of systematic data analysis to determine trends

B. Local District (LD) Responsibilities

Each LD Superintendent, Administrator of Instruction, Administrator of Operations, and Community of Schools Administrator (CoSA) shall actively support LD/CoS staff and school administrators in the implementation of this policy in alignment with the School Leadership Framework. The LD

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Superintendent will designate a team of LD staff to ensure the successful implementation of this policy with support, guidance, and technical assistance to schools for successful implementation through:

- Regular review of data (e.g., Tiered Fidelity Inventory [TFI], monthly suspensions, office discipline referrals) to determine interventions and supports as well as to address equity and disproportionality
- Collaboration with school and District personnel to develop and implement systematic plans for interventions and supports based on data
- Assisting schools in accessing appropriate resources directly aligned with student needs
- Professional development on Positive Behavior Interventions and Supports/Restorative Practices
- Resolution of complaints related to the implementation of this policy within 60 working days from the date the complaint was received (Attachment D)

C. School-Site Responsibilities

Each school-site administrator will actively support the development and implementation of a school discipline plan in alignment with this policy. All school staff (e.g., teachers, administrators, support staff, classified staff) will utilize evidence-based behavior support strategies and restorative practices to actively promote and maintain a school-wide/classroom culture in alignment with the school's discipline plan. Each school has a PBIS/RP team that meets regularly to:

- Review school site data (e.g., Tiered Fidelity Inventory [TFI], monthly suspensions, office discipline referrals, SSPT data) to determine interventions and supports aligned with students' needs as well as to address equity and disproportionality
- Plan for stakeholder engagement and professional development aligned with this policy
- Identify, revise, and implement school-wide procedures that address equity and disproportionality

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

D. Charter Schools Responsibilities

Charter schools are to abide by the Discipline Foundation Policy: Multi-Tiered Systems of Support for Behavior and Social-Emotional Well-Being using Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) and ensure that information and/or training is provided to parents/guardians, students, staff, and other stakeholders.

Affiliated Charter Schools

Affiliated charter schools, under the governance of the Los Angeles Unified Board of Education, are to implement this policy as outlined in this Bulletin.

Independent Charter Schools

Independent charter schools are expected to comply with this policy bulletin and ensure their staff is knowledgeable about the Discipline Foundation Policy. Charter schools are generally exempt from complying with the Education Code (including statutory provisions for pupil suspension and expulsion) unless otherwise provided in their charter. Charter schools are not exempt from other laws governing public schools, including but not limited to state and federal constitutions, all federal laws (e.g., Individuals with Disabilities Education Improvement Act, Americans with Disabilities Act, and Section 504 of the Rehabilitation Act of 1973, No Child Left Behind, any requirements that are a condition of receiving federal funding), and state pupil testing programs. For those reasons, charter schools are not expected to comply with the references in this bulletin to Education Code (unless stated in their charter and to ensure compliance with other applicable laws), District office responsibilities (e.g., Central Office, Local Districts), District councils and committees (e.g., Discipline Review Team, School Leadership Council, PBIS/RP Task Force), professional development, and state-mandated curriculum. Governing boards of independent charter schools shoulder the ultimate responsibility of ensuring that this policy is implemented, including but not limited to the following items:

- Adopting procedures for putting this policy into place consistent with the charter petition, the School Discipline Policy, and the School Climate Bill of Rights resolution

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

adopted by the LAUSD Board of Education on May 6, 2013.

- Implementing a method for recording, collecting, and analyzing behavior/discipline information to monitor and evaluate data for ongoing decision making, from the individual student through the school-wide student population.

E. Parent/Guardian/Caregiver Responsibilities

Parents/guardians/caregivers will be invited to be active and collaborative partners in developing, implementing, and supporting the school's discipline plan. When schools and parents/guardians/caregivers form strong partnerships, students' potential for academic success and social-emotional well-being improves significantly.

F. Student Responsibilities

Students will have opportunities to be active partners in developing and/or supporting the school's discipline plan. This includes demonstrating and modeling expected behaviors that maintain a positive learning environment. When expectations are not met, students will have opportunities to participate in restorative practices to help them take ownership of their behavior and resolve disagreements with empathy and forgiveness.

IV. MONITORING AND EVALUATION

A. Tiered Fidelity Inventory (TFI)

The TFI will be used to assess MTSS implementation for behavior and social-emotional well-being. The TFI will replace the Rubric of Implementation (ROI) as the TFI provides assessment and action planning for all three tiers of support.

School teams will routinely use the TFI to ensure that strategies/interventions within MTSS are implemented in a fair, non-discriminatory, and culturally responsive manner. The TFI is a valid, reliable, and efficient measure of the extent to which school personnel apply the core features of the MTSS framework for behavior and social-emotional well-being. The TFI is divided

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

into three sections: Tier 1: Universal Features, Tier 2: Targeted Features, and Tier 3: Intensive Features.

The TFI shall be used to develop, implement, analyze, and determine priority actions in alignment with this policy. It is the responsibility of all stakeholders to implement each of the features listed in the Tier 1, Tier 2, and Tier 3 tables (Attachment E) to ensure full implementation of interventions and supports. Based on the TFI scoring data, action plans will be developed and reviewed monthly by the school-site PBIS/RP team. Based on the data, revisions will be made as needed.

B. Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) Task Force

A PBIS/RP Task Force with representatives including, but not limited to, students, parents/guardians/caregivers, teachers, and school-site administrators, will be formed at the District level to support the implementation of PBIS/RP in alignment with best practices. The PBIS/RP Task Force will utilize current District data systems to monitor this policy throughout the District. The task force's responsibilities include:

- Facilitate dialogue regarding the implementation of the policy
- Review and analyze discipline data by LD/CoS, consistent with federal and state confidentiality and privacy laws
- Provide recommendations to the Los Angeles Unified Superintendent of Schools or their designees
- Report on findings related to implementation at least once per year
- Work with an independent auditor who will provide an annual report to the Board making broader recommendations regarding the implementation and monitoring of the policy

V. PROCEDURAL GUIDELINES TO SUPPORT STUDENTS WITH DISABILITIES

A parent/guardian/caregiver, teacher, other school personnel, and community members who suspect that a child may need special education services may request a special education assessment of the child. A student may be referred for a special education assessment at any point in time.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

Students with disabilities who exhibit behavioral challenges in the school environment must be afforded the opportunity to be supported using the evidence-based practices found in a Multi-Tiered Systems of Support (MTSS). They must receive timely positive supports and interventions and appropriate assessments in accordance with Section 504 of the Rehabilitation Act of 1973 (Section 504) and the Individuals with Disabilities Education Improvement Act (IDEIA). If it is suspected that a student with a disability may require additional special education and/or related supports and services, other than those previously identified in their Section 504 Plan and/or IEP, a special education assessment, including a Functional Behavior Assessment (FBA), should be considered.

When behavioral interventions, supports, and other strategies are used, they will be used in consideration of the student's physical freedom, social interaction and be administered in a manner that respects human dignity and personal privacy, while ensuring a student's right to placement in the least restrictive environment. It is everyone's responsibility to implement MTSS supports for all students in addition to the interventions, goals, accommodations, modifications, placement, or services agreed to in a student's plan. It is the responsibility of the team to determine student needs, through assessment and data analysis, and to generate meaningful behavioral prevention and intervention strategies including, as applicable, goals and appropriate academic and behavioral supports and services.

A. Behavior Intervention Plan (BIP)

When students with disabilities exhibit behavior(s) that impedes learning, individualized behavior supports or services must be developed, including, as necessary, the development of a Behavior Intervention Plan (BIP). Based on sources of behavioral data (e.g., observation, data collection, Functional Behavior Assessment), the BIP outlines a description of the challenging behavior(s), antecedents and consequences, a hypothesized function of the challenging behavior(s), prevention, and interventions to be implemented that support the development of social positive behavior(s), replacement behavior(s), and/or reduction of the challenging behavior(s).

The BIP must align with the needs identified through assessment and/or in the Behavior Support Present Level of Performance (PLP). When a Functional Behavior Assessment (FBA) is conducted, the BIP must also align with the needs identified in the FBA summary.

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

B. Assessments

In the case of a student with a disability whose behavior impedes their own learning or that of others, the team shall consider and select from many types of assessments/evaluations as applicable to the individual needs of the student, in areas such as social-emotional status, language function, adapted behavior, occupational therapy, or health and development. The team must also consider the use of Positive Behavior Interventions and Supports, and/or other evidence-based strategies.

One type of assessment that can be used to identify the function of behavior and identify positive behavior interventions, supports, or strategies specific to a student with a disability's needs is a Functional Behavior Assessment (FBA). It is an evidence-based practice and shall be considered under one or more of the following circumstances:

- Formal disciplinary action (i.e., suspension or expulsion) has been initiated and the team has determined the behavior is a manifestation of the student's disability.
- The student exhibits behavior(s) that is a danger to self or others.
- The student is not responding to interventions implemented for at least 6-8 weeks, as documented by ongoing progress monitoring.
- Following the use of an emergency intervention involving a student with a disability.

FBA uses a systematic process for identifying and understanding behaviors that impede learning. Information is gathered through interviews, observations, and data collection to identify the environmental variables that influence the challenging behavior. The team utilizes findings from the assessment to recommend function-based interventions.

C. Behavior Related Services

Behavior Related Services are the most intensive and restrictive collaborative supports as defined by federal law and are required "...to assist a child with a disability to benefit from special education."

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

It is the team’s responsibility to determine Behavior Related Services based on data. The goal of Behavior Related Services is to facilitate the student’s acquisition of socially appropriate behavior(s), while reducing the challenging behavior(s).

The goal of the team should always be to promote and maximize independence for all students with disabilities. Some students may benefit from temporary Behavior Related Services to access Free Appropriate Public Education (FAPE). For others, these services may be unnecessary, have a harmful effect, and/or be inappropriately restrictive.

While Behavior Related Services may be recommended at any time based on data and student need(s), school teams are encouraged to engage lesser restrictive supports as appropriate, and even with Behavior Related Services in place, should ensure that Tier 1, Tier 2, and Tier 3 supports and strategies are implemented with fidelity and that all students, including students with disabilities, have access to supports and strategies in each Tier as may be appropriate to their unique needs.

Behavior Related Services Models

The District provides Behavior Related Services in accordance with students’ identified needs. There are three models: Behavior Intervention Consultation (BIC), Behavior Intervention Development (BID), and Behavior Intervention Implementation (BII). These Behavior Related Service models are data driven and collaborative in nature and shall be documented on the plan as Collaborative Behavioral Services under the Service Delivery Model.

Behavior Intervention Consultation (BIC)
Behavior Intervention Consultation (BIC) is a flexible, data-driven, collaborative Behavior Related Service unique to the Los Angeles Unified School District. This service is delivered by certificated and/or classified staff members from the Division of Special Education (DSE) Behavior Support Department. BIC services can be considered when the behavior(s) of concern (based on data) can be addressed through a finite number of service hours.
BIC service providers recommend strategies to a school team to support with addressing individual student behavior that impedes learning. The service can include observations, guidance with data collection, modeling of implementation of

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

strategies and the development of visuals and tools to support the student.

Behavior Intervention Development (BID)

Behavior Intervention Development (BID) is a targeted data-driven, collaborative Behavior Related Service delivered by certificated staff or CDE qualified staff pursuant to California Code of Regulations, Title 5, Section 3051.23(a). BID services can be considered when the behavior(s) of concern is significant enough in intensity and/or frequency (based on data) to require ongoing behavior support.

Based on data, BID service providers develop a Behavior Treatment Plan, data collection tools, as well as visuals and tools to support the student. The Behavior Treatment Plan is implemented by school staff and/or BII service provider(s) under the supervision of the BID service provider. Data are collected by the school team and analyzed by the BID service provider to determine the effectiveness of the intervention(s).

Behavior Intervention Implementation (BII)

Behavior Intervention Implementation (BII) is a targeted data-driven, collaborative Behavior Related Service delivered by classified staff who are qualified to implement behavioral interventions, or CDE qualified staff, pursuant to California Code of Regulations, Title 5, Section 3051.23(b). BII service providers are under the supervision of staff who qualify under subsection (a) of the same regulations. BII services can be considered when the behavior(s) of concern is significant enough in intensity and/or frequency (based on data) to require additional behavior support. BII services can be considered during periods of the school day in which the student requires additional behavior support (e.g., lunch period, specific instructional time periods from assessment finding[s]) or throughout the student's school day, as needed, and keeping in mind that the need for BII services should be balanced with the goal of fostering student independence.

BII service providers implement the Behavior Treatment Plan, collect data, and support the use of visuals and tools developed for the student.

While some students may temporarily benefit from BII services as part of a Free Appropriate Public Education (FAPE), for others, this service may be unnecessary and inappropriately restrictive. BII services should always be considered a time-

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

limited recommendation and specific goals must be established to fade the use of the service and promote independence at each meeting.

School Climate Bill of Rights

The Los Angeles Unified School District (LAUSD) is committed to developing safe, healthy, welcoming, and affirming school environments.

Leveraging a trauma-resilience informed, Multi-Tiered Systems of Support (MTSS) framework, Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) support all stakeholders with implementing evidence-based interventions. PBIS/RP provides structures and practices that establish a culture of learning and positive behavior, relationship building, and systems and structures that address the wellness and social-emotional needs of the whole child, whole classroom, whole school, and whole community.

In May 2013, the School Climate Bill of Rights was adopted and includes:

- **Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP):** PBIS/RP is a framework built on a Multi-Tiered Systems of Support that promotes prevention and intervention by building community, building healthy relationships, and establishing structures and systems. Behavioral expectations are clearly defined, positively stated, posted, taught, modeled, reinforced, and corrected in an age-appropriate systematic way with an emphasis on learning. This promotes a positive school climate, increased academic engagement and attendance, and decreases suspensions.
- **Alternatives to Suspension:** The best alternative to suspension is prevention. Alternatives to suspension are utilized with all students in a consistent and age-appropriate manner with an emphasis on teaching and learning the skills necessary to enhance a positive school climate. No student shall be suspended or expelled for willful defiance.
- **Data:** Data are published monthly including in and out-of-school suspension, opportunity transfer, expulsion, citation, and school-based arrest. Such data, when applicable and available, will be disaggregated by subgroups, including race, ethnicity, English Learner status, disability, gender, socioeconomic status and offense. Data will be provided in a way to maintain the privacy of individual students. Data are available for viewing. (https://my.lausd.net/opendata/landing_page)
- **Task Force:** A District Task Force shall include a teacher, student, administrator, parent representative and community partners, to review systems and tools related to ensure implementation of PBIS/RP. This Task Force provides guidance, oversight and recommendations on the systematic and systemic implementation and monitoring of PBIS/RP.
- **School Police Officers:** Students have the right to safe, welcoming and affirming school environments that minimize the involvement of law enforcement, probation and the juvenile and criminal justice system, to the greatest extent possible. The District is committed to a non-criminal enforcement model that support strategic problem solving rather than citation and arrest driven enforcement.
- **Formal Complaint:** Students and parents/guardians/caregivers have the right to file a formal complaint if PBIS/RP is not implemented within 60 days of a request. (<https://dfpcomplaint.lausd.net/ComplaintForm.aspx>)

Board Resolution 2013 School Discipline Policy and School Climate Bill of Rights Adopted by the Los Angeles Unified School District Board of Education on May 14, 2013

Data-Based Decision-Making - Continuous Progress Monitoring

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

ATTACHMENT C

ALTERNATIVES TO OUT-OF-SCHOOL SUSPENSIONS

The key to reducing suspensions and expulsions is implementing a proactive, preventative schoolwide Multi-Tiered Systems of Support (MTSS) framework and a robust set of strategies for other means of correction. This promotes the teaching, modeling, and acknowledgment of expected behaviors for all students to develop the social-emotional, mental, and academic success of the whole child, whole classroom, whole school, and whole community.

Trauma informed practices create safe spaces, establish predictability, build a sense of trust, offer choices and help students and adults stay regulated. District staff must work to acknowledge and address their unconscious biases about the decisions they make and recognize their own triggers. It is only when someone is calm or regulated, that they are able to form trusting relationships or relate, and access their ability to understand, think, and reflect or reason. Consider the use of the [Adult Self-Awareness](#) checklist.

Prior to responding to a behavior, ask:

- Am I okay?
- Am I making an emotional response or a rational response?
- How might my biases impact my decision making?

Additionally, consider the following trauma resilience informed questions when supporting students.

- Are students safe at home?
- Do they have access to their basic needs (food, shelter, comfort, clothing, etc.)?
- Needs must be met and addressed before learning can occur (i.e., Maslow’s Hierarchy of Needs before Bloom’s Taxonomy).
- What might be the function or reason for the behavior?

Effective alternatives to suspension, or other means of correction, must be implemented at all schools. The matrix below provides alternatives to suspension/other means of correction where students remain engaged in their school community, while reflecting and learning from their mistakes. These practices provide increased support by offering students interventions that can be modified based on the need and age of the student. This matrix is intended to provide guidance and is not inclusive of all possible alternatives or other means of correction. Other means of correction, when implemented with fidelity, can reduce suspensions and create a safe, healthy, welcoming, and affirming school community.

ATTACHMENT C

Alternative to Suspension	Description	Suggested Strategies/Considerations	Participants
Behavior Contracts	<p>An agreement between the student, caregivers, and teacher. The contract outlines expectations for the student's behavior. It also outlines the reinforcer(s) for meeting the expectations.</p>	<ul style="list-style-type: none"> • Involve the student • Define the expected behavior(s) or goal(s) • Decide upon reinforcer(s). What will the student earn for performing the expected behavior? • Plan for corrective responses • Reteach, model and/or roleplay the expected behavior with the student • Monitor and revise the contract, if necessary • Be fair, be positive, be consistent, and be honest <p>Note: <i>Make sure that the function of the behavior is identified clearly so that the behavior contract addresses the targeted goal(s).</i></p>	<p>Desired: Student, teacher, caregiver, paraprofessional(s)</p> <p>Optional: Administrator or designee, other teacher(s), school support staff</p>

LOS ANGELES UNIFIED SCHOOL DISTRICT POLICY BULLETIN

School Community-Service/Restitution	Students are assigned to school community service/restitution which can involve a variety of activities on the school campus to help build character, empathy, and altruism.	<ul style="list-style-type: none"> • Organize books in the library • Plant flowers/assist with gardening • Assist in the cafeteria • Help repair the school property the student damaged • Creating a caring environment (e.g., sending a note, making a handmade gift, offering to help another student, tutoring younger students) 	<p>Desired: Student, parent, teacher(s), Administrator or designee</p> <p>Optional: school custodial staff, school support staff</p>

Formal discipline follows District policies and procedures for student discipline. Consistent with Education Code section 48900.5, other means of correction will be utilized for students in a consistent and age-appropriate manner prior to any suspension, except those offenses under E.C. 48915. (c). (Category I offenses) or when a pupil's presence causes a danger to persons. For assistance in determining whether formal discipline is appropriate, please contact the Student Discipline and Expulsion Support at (213) 202-7555.

Positive Behavior Interventions and Supports Complaint Process

I. Purpose

Per the School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013, all students and parents have the right to file a complaint if a Multi-Tiered System of Positive Behavior Interventions and Supports (PBIS) is not implemented within 60 days of student's request.

Complaints may be filed for not implementing the following:

- Including parents in the implementation efforts and providing training to parents on PBIS
- Setting publicly measurable outcomes and benchmarks, consistent with federal and state confidentiality and privacy laws, for decreasing the number of students for each race and ethnic subgroup that are referred to the office, suspended, involuntarily transferred, or expelled from school
- Having a school-based team, which includes a parent, to guide the implementation efforts
- Having behavioral expectations that are defined, taught, and reinforced by all staff and communicated to all students
- Regularly collecting and analyzing discipline data to share with the school community, consistent with federal and state confidentiality and privacy laws, to inform practices and procedures

II. How to file a complaint

Complaints may be submitted in the following manner:

- Online submission:* Access link at <https://dfpcomplaint.lausd.net/ComplaintForm.aspx>
- Call in:* Local District Office

Local District Central 2328 St. James Place Los Angeles, CA 90007 (213) 241 - 0126	Local District East 2151 N. Soto St. Los Angeles, CA 90032 (213) 224 - 3100	Local District Northeast 8401 Arleta Ave. Sun Valley, CA 91352 (818) 252 - 5400
Local District Northwest 6621 Balboa Blvd. Van Nuys, CA 91406 (818) 654 - 3600	Local District South 1208 Magnolia Ave. Gardena, CA 90247 (310) 354 - 3400	Local District West 11380 W. Graham Place Los Angeles, CA 90064 (310) 914 - 2100

A finding of failure to fully implement shall be addressed through an on-site process involving parents and students to develop a school-site implementation plan including trainings and other tools necessary to resolve the failure to fully implement within 130 days.
