

Dear Parents,

What improvements do you think our school should make to better serve the needs of multilingual students at OCS?

Ocean Charter School will be hosting an English Learner Advisory Committee (ELAC) Meeting on **Wednesday, January 29 at 8:15 a.m.** to discuss the above question. We hope very much for you to be there!

What is ELAC?

- ELAC is an advisory committee composed of parents, guardians, and community members who are elected by parents or guardians of Multilingual Learners (ML)
- ELAC provides input and advice regarding English language development programs, needs assessment, and ML services
- ELAC helps to inform families about attendance, volunteering, and other school activities
- ELAC holds a respect for and encourages the celebration of diverse backgrounds and cultures of the OCS community

Come share your insights, concerns, and suggestions during ELAC meetings!
We hope to see you there!
