Receive the children in reverence.
Educate them with love.
Send them forth in freedom.

Educational Program

CAASPP overview of results:

Please see the attached charts from the state that provide an overview of OCS' schoolwide results in ELA grades 3 – 8, Math grades 3 – 8, and Science (CST) grades 5th and 8th. In addition to general schoolwide results, the graphs show schoolwide results by English Language (EL) status and by ethnicity. In the coming year, focus will be put on addressing gaps in achievement between subgroups.

Summer Professional Development:

OCS Summer Institute: (OCSSI)

The OCSSI is being held this week for all TK – 8th grade levels, except 3rd. Total enrollment is 25 with participants who are class teachers; specialty teachers; classroom, intervention and early childhood assistants; and parents. Teachers from two schools other than OCS – El Rio and Mariposa- are participating.

Other Professional Development:

Unfortunately, not all OCS teachers are able to participate in this year's OCSSI so some teachers will be attending other professional development opportunities that are sponsored by OCS and that support their needs for the coming year.

Operations

Hiring:

All class and specialty teachers have been hired for the 2026-27 school year. OCS welcomes 4 new class teachers this year and several new assistants to our faculty and staff. The gardening teacher role is still in process as of the writing of this report.
